Tips to Sell Home for Top \$\$

Price Aggressively -- Be honest with yourself
about pricing. Get comparables and work with
your agent to understand them.

Use pre-inspections/pre-appraisals.

Work with an aggressive agent who knows how
to market **and** the area.

Offer buyer's agent bonuses.

Stage your home and think of curb appeal--how
does it look as the buyer arrives? First
impressions matter.

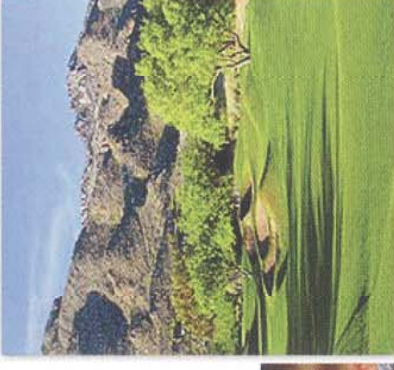

White Walls?

Fine art at affordable prices.
